TWO MEN KILLED; TWO FATALLY INJURED

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Bibee, Ariz., Jan. 9.—Two men were killed, two fatally injured and eight others badly hurt when over 3,000 pounds of blasting powder was prematurely exploded this afternoon on Sacramento hill, where the Copper Queen mine is carrying on exhaustive steam shovel operations.

One hole had been loaded with powder and the powder men were in the act of putting in the electrical connections and primer in the other hole when the blast occurred. No cause can be assigned for the accident. The two dead men are Sidney Drakenfeld, an engineer in the employ of the company, and Modesto Vastado, a laborer. Two of the men injured, but not fatally, were Nat Anderson and J. D. McBride, powder experts. Carlos Calderon and Juan Nunez will die. All of the others were Mexican laborers and are expected to live.

YOU'RE BILIOUS! CLEAN LIVER AND BOWELS TONIGHT

Don't Stay Headachy, Sick, or Have Bad Breath and Sour Stomach.

Wake Up Feeling Fine! Best Laxative for Men, Women and Children.

Enjoy life! Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, breath offensive, and stomach sour. Don't stay bilious, sick, headachy, constipated and full of cold. Why don't you get a box of Cascarets from the drug store and eat one or two tonight and enjoy the nicest, gentle liver and bowel cleansing you ever experienced. You will wake up feeling fit and fine. Cascarets never gripe or sicken like salts, pills and cathartics. They act so gently that you hardly realize you have taken a cathartic. Mothers should give Cascarets to their children a whole Cascaret any time they act thoroughly and are harmless.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

GERMAN EDITORS DOUBT SINCERITY OF LLOYD GEORGE

Vienna, However, Sees in Address He Made to Trades Unions Signs of Conciliation; Socialists Angered.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Amsterdam, Jan. 9.—A Vienna dispatch to the Cologne Gazette represents Monday's editions of the newspapers of the Austrian capital as commenting on Mr. Lloyd George's speech in a rather different vein from the official agency. While remarking that the papers in question are pacifist, the Gazette's correspondent says the whole tone of Mr. Lloyd George's speech seems to be viewed as more conciliatory than his previous utterances. The Vienna newspapers regard the absence of "rude personal attacks" as a step forward. At the same time they are doubtful whether the speech is fitted to serve as the foundation for immediate negotiations.

GERMAN SOCIALISTS SHY AT TRUSTING PREMIER

Berlin, Jan. 9, via London, Jan. 9.—(By the Associated Press)—Vorwaerts, principal organ of the socialists, commenting on the war aims speech of Premier Lloyd George, declares the premier's reasoning in a carefully selected disguise. It says the speech was framed in some parts to meet the approval of German working men.

The newspaper adds that the premier's abandonment of the attempt to interfere in Germany's internal affairs is gratifying and that his demand that states which have been overrun in the course of the war be restored to complete independence will not call forth contradiction.

Referring to Alsace-Lorraine the newspaper says the inhabitants of these districts are not foreign or alien peoples within the German state.

"If the natives of the German colonies are to be protected from exploitation by European capitalists, why not also those of the British colonies?" it asks. "It would be underestimating the good sense of the British working men if one assumed that these contradictions escaped their discernment."

This obviously incomplete synopsis which bears the marks of having been censored carefully, is the first intimation to the outside world of the attitude of the German socialists toward Mr. Lloyd George's outline of war aims. Although other German newspapers denouncing the premier's attitude have reached neutral points adjacent to Germany, an Amsterdam dispatch yesterday said no copy of Vorwaerts had been received. Apparently the editions containing comment on the premier's statements have not been permitted to cross the border.

HALF BILLION IS VALUE OF COPPER MINED LAST YEAR

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Washington, Jan. 9.—Copper valued at more than half a billion dollars was produced in the United States in 1917. Production was slightly less than in 1916, the geological survey announced today in statistics for the year. Production from domestic ores amounted to 1,334,000,000 pounds, or 38,000,000 pounds less than in 1916; output from primary sources, domestic and foreign was 2,362,000,000, an

MAGDALENA IN PAST YEAR HAS LARGE GROWTH

Many New Residences and Store Buildings Are Erected; Citizens Report Steady Business Expansion.

(SPECIAL DISPATCH TO MORNING JOURNAL)
Magdalena, N. M., Jan. 9.—Magdalena has experienced a steady, substantial growth during the year just passed.

About forty new residences have been added to the town, most of them being of up-to-date construction.

Four new store buildings have been constructed, notable among which are the Frank Salome building and the Torres building; the former now being occupied by Jones & Shuppi as a clothing and furnishing establishment, and the latter being a three-story structure.

Four commodious garages have been erected, the builders being Ocean to Ocean Garage company, Adolph Torres, Jose Y. Aragon and York Motor company. The new Ocean to Ocean is the largest and most attractive, being of the old Spanish architecture, pebble dashed, with the rough joints extending.

Across the street from the Ocean to Ocean garage is the new Torres, which, though smaller, yet it is spacious and attractive. The Aragon garage in the west end of Magdalena is a fine addition to that section of the city, and the Wilderstein, which is now occupied by the York Motor company, is most centrally located and is a credit to the town.

Probably the most conspicuous of all the new buildings is the Hotel Hall, a fine two-story brick structure, with thirty rooms and modern in every respect. This hotel was opened to the public about the middle of December and the patronage received has been most satisfactory.

Office Building Erected.
Another asset to the town is the Jackson-McCrary office building, a two-story brick edifice, with two spacious and attractive offices on the main floor, occupied by Dr. Dawson, dentist, and Dr. McCrary, physician, while the entire upper floor is the headquarters for the forest service.

Not only has Magdalena shown wonderful building activity, but also this little town has made strides in civic and commercial ways. Incorporation will soon be effected and many civic improvements are now under consideration to better the existing conditions and to make this a better town in which to live. The Magdalena Coal company, being one of the newer enterprises, promises to aid this center in many ways, as well as the tributary community.

The men at the head of this concern are business men of the highest caliber and are devoting their every effort to make their undertaking a real success. Another new enterprise which will soon be in active operation is the Magdalena Realty exchange with offices in the Chamber of Commerce building. The aggressive men at the head of this organization will undoubtedly create much outside attention to this section of the sunshine state.

The Chamber of Commerce is to hold a booster's meeting Tuesday evening for a general reorganization and with new blood and spirit this new body will give to Magdalena a larger place on the map than she has heretofore occupied. Taking it all in all the only fault to be found with this town is that its inhabitants are all too busy to attend to anything besides their own business.

Increase of 162,000,000 pounds over 1916. Domestic production was valued at \$510,000,000, an increase of \$35,000,000 over 1916.

Stocks of refined copper at the beginning of 1917 were about 125,000,000 pounds, making the year's available supply, exclusive of secondary copper, about 2,490,000,000 pounds. Export for the first ten months were 953,576,000 pounds, and for the year beyond the billion pound mark. Although no figures are yet available, the supply for domestic consumption in 1917, assuming no change in stocks, was materially less than the 1,430,000 pounds available in 1916, the report states.

Snow Falls at Flagstaff.

Flagstaff, Ariz., Jan. 9.—Snow which covered the ground here to the depth of from two to four inches, broke a drought which had existed since August, and caused live stock men here to see relief from a situation which they say has seriously threatened that industry.

NO! He is not looking at a Mail Order Catalog

Because men who wear Stetson Hats and Dent's Gloves don't use mail order catalogs;

Probably he is looking for the phone number of Wright's Clothing Company

—Where they sell Stetson Hats and Dent's Gloves and other high grade haberdashery for men.

Possibly he is looking at a Hart Schaffner & Marx Style Book. Because he knows he will find there the latest and most authentic styles in all wool suits and overcoats. He will find those also at Albuquerque's Exclusive Men's Store.

BRITISH LABOR IS PLEASED BY SPEECH

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
London, Jan. 9.—Representatives of British labor issued a manifesto today giving wholehearted support to the program presented in President Wilson's speech yesterday. The manifesto says:

"In essential respects it is so similar to that which British labor put forward that we need not discuss any points of difference in detail."

Is Accidentally Wounded.

Santa Fe, Jan. 9.—The first serious accidental shooting to be reported this year in New Mexico occurred on the upper Pecos, when Ernest Bounds, a boy, was shot by a companion who was playing with a 30-30 rifle. The shot almost severed Bounds' left leg between ankle and knee and the loss of blood made the wound a most serious one.

BITTER CONTEST ARISES IN SENATE OVER PRINT PAPER

Joint Resolution to Have Federal Trade Commission Take Control of Product Leads to Hot Debate.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)

Washington, Jan. 9.—Debate on the joint resolution authorizing the president to have the federal trade commission take control of the print paper industry continued throughout today in the senate, with but few interruptions in their speech. A vote probably will not be reached for several days.

Attacks on the resolution were made during the day by Senators Hardwick, Snoot, Sherman and King. Senator Snoot characterized it "as a most vicious measure" and declared that under its provisions the president would be able to withhold the print paper from any newspaper or magazine he desired. He also asserted the resolution was introduced in an effort to reduce the price of paper to rates below those agreed upon by the manufacturers and the government.

Defended by Owen.
The measure was vigorously defended by Senator Owen, who said such a step was necessary to break the power held by the alleged paper monopoly over the press. He charged that the paper makers can dictate to the press of the country by withholding supplies.

"One of the greatest evils in the world is the effort to suppress the press," said the Oklahoma senator. "This was one of the means used by Germany to maintain a monarchy and autocracy. If we allow this to occur we will let a condition arise the result of which no one can foresee."

No Hasty Methods.
Senator Wadsworth asked if by placing control of the print paper with the government a similar danger would not result in the United States.
"No," replied Senator Owen. "We can clothe our government with power without fear because the people

control this government."

Senator Gallinger, the republican leader, urged that no effort be made to rush the measure through the senate. Senator Smith of Arizona, in charge of the resolution, agreed to give adequate time for discussion before bringing it to a final vote.

YAKUIS ROUNDED UP FOR YUCATAN FIELDS

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
El Paso, Tex., Jan. 9.—Mexico City papers received here today tell of the arrival there of 1,900 Yaqui Indian men, women and children en route to the henequenero fields of the state of Yucatan. This shipment was the first of a total of 10,000 Indians from the state of Sonora where they are being rounded up and deported to the south by Gen. Plutarco Elias Calles, military commander. These Indians have been on the war path for three months.

The Indians were sent to Mexico City by way of Manzanillo. From the national capital they were sent to Vera Cruz and shipped by boat to Yucatan. This was said to have been the first deportation of Yaquis since the days of Diaz.
